DeHart-Hathaway Wedding Held at Torrance Parsonage

At a quiet ceremony performed by Rev. Frank T. Porter, pastor of the Christian church, at his home, Mrs. Ruth Hathaway of Lomita became the bride of Raymond De Hart, son of Mr. and Mrs. E. T. De Hart of 2810 Torrance blvd., Torrance, last Wednesday evening. Mr. and Mrs. W. J. Schroeder attended the couple and only members of the immediate families present.

Following the ceremony, a reception was held in the Veterans of Foreign Wars hall, 2208 Lomita blvd., members of Post 1622 and the Auxiliary assisting in receiving and serving. The hall had been beautifully decorated for the event, which was attended by a number of members of the associations, and friends of the couple.

The bride has been an active worker in the Auxiliary and the groom is a member of Torrance Post, the romance being the culmination of an acquaintance which began when both were working for veterans. The groom is an employee of the Columbia Steel and the couple will make their home at 2227 West 255th st., Lomita.

Townsend Club Activities

By BETH PAIGE

Our Red Cross chairman, Mrs. James Sellers, reported last Friday that her committee is hampered by lack of materials to work with. If some more worn sheets were donated we would be very grateful. A card mailed to 1522 Crenshaw blvd. would bring a car to pick up such materials. Our Red Cross workers meet at the hall, 1317 Cravens ave., every Friday at 10 a. m.

Among our visitors last week we noted Mr. Stone and wife from the Redondo club and also Mr. Gibson from the Lomita club. A council meeting is called for Feb. 20 at the close of the business meeting. It was refreshing to once more hear our "Flash from Washington" — to hear some good old-fashioned American common sense.

A big step forward for our club was initiated last Friday when the chairman of finance, Mrs. L. A. Davis, headed a group pledged to maintain a monthly budget in the interests of National Extension work. Tomorrow evening is our Social night, with games, refreshments and dancing, with music to be provided by a new group.

There are 15 other study classes open, including radio motor mechanics, pistol and rifle practice, gas mask drill, air and fire warden duties, map reading, military intelligence, semaphore, ambulance and heavy vehicle driving and others. Schools Available as Emergency Shelters

Emergency Shelter Administrator — each school principal here automatically will assume this title at such time as school buildings are utilized by the American Red Cross as temporary shelters during possible emergency.

Carrying out war emergency duties on a 24-hour basis, the "Emergency Shelter Administrator" and staff will serve under the direction of and as part of the organization of the American Red Cross, and will be in touch with its representatives.

However, the first agency of cooperation with the principal in the immediate local school situation will be the Parent-Teacher Association.

Specific duties and responsibilities of the Emergency Shelter Administrator include taking complete charge of activities relating to the provision of food, shelter, and the disposition of coats and blankets in the school plant buildings. The necessity of comfort and mental ease is stressed.

In many school building emergency shelters, food will be served, and the school cafeteria manager will work with the Red Cross Canteen Service in its preparation and distribution. Suggested types and quantities of foodstuffs have already been stored in schools for possible emergency.

Following his brother, his brother-in-law and an uncle into Navy service, Harry M. (Red) Slover, son of Mr. and Mrs. Harry W. Slover of 1712 Marina ave., left last Thursday for Mare Island Navy Yard and training under a civil service rating. He has been employed at Columbia Steel company since his graduation at Torrance high school in 1940.

Mrs. Slover's brother, Edward E. Mason, a former member of the Torrance American Legion Post, is once more serving Uncle Sam in the Navy. He retired several years ago after 18 years in the service—he was chief torpedo man during World War I. Last June he was called back as a member of the Naval Reserve.

State Finances Reported Good

State Controller Harry B. Riley this week issued the most optimistic report on state finances in three and a half years. He said the General Fund cash deficiency had dropped to \$8,380,845 on Jan. 31, lowest since Aug., 1938. A year ago it totaled \$77,644,433.

A phenomenal increase in sales tax revenue, \$87,993,262 in the past seven months, coupled with reduced expenditures for unemployment relief brought about the improvement. Revenue totaled \$136,617,626, a gain of 36.56 per cent over the corresponding seven months last fiscal year; expenditures amounted to \$88,499,817, a drop of 12.19 per cent, Riley said.

Controller Riley revealed that he plans to redeem all outstanding registered warrants, about \$57,400,000 on Feb. 25.
